Who PrepAI Supports

Universities & Institutes

Standardise assessments across departments, improve performance tracking, and optimise academic processes institution-wide. Create consistency in evaluation whilst maintaining academic rigour and integrity.

Academic Leaders

Access actionable analytics to improve student results and refine curriculum design. Make informed strategic decisions based on comprehensive performance data and trending patterns.

Educators & Faculty

Generate syllabus-aligned tests effortlessly using **intelligent AI tools** for teachers. Spend less time on administrative tasks and more time engaging with students and enhancing teaching quality.

Students & Learners

Prepare better with instant feedback, practice quizzes, and detailed progress insights. Build confidence through targeted practice and understand strengths and areas for improvement.

Key Features

Comprehensive Quiz Modes

- Standard, Subject-wise, and HOTS (Higher Order Thinking Skills) assessments
- Visual and image-based quiz creation for enhanced engagement
- Group quiz mode for collaborative learning experiences
- Self-practice mode for independent student revision

01

LMS Integration

Seamless integration with existing Learning Management Systems for unified testing experiences

02

AI Quiz Multiplier

Multi-set paper generation creates multiple assessment versions automatically, preventing cheating whilst maintaining equivalency

03

Auto-Grading

Intelligent automated grading with detailed feedback generation and performance analytics

Made with GAMMA

Impact & Global Trust

30+

Hours Saved Weekly

Per educator on manual assessment work, allowing focus on teaching and student engagement

85%

Engagement Increase

Improved student engagement and learning outcomes through instant feedback and adaptive assessments

100%

Consistency

Enable consistent, data-driven academic performance measurement across institutions

---

Trusted Globally

PrepAI supports institutions adopting **AI in classroom teaching**, AI in higher education, and AI for skill assessment. We're helping modernise the academic ecosystem worldwide, empowering educators and learners with cutting-edge assessment technology.

PrepAI is transforming how universities approach assessment, grading, and learning analytics — creating a more efficient, fair, and effective educational environment for all stakeholders.
